THE PRESIDENT STOOPS TO A LITTLE LOBBYING ...

MOVING? Please use form inside
paper and give full information.
Mailing list is run on Friday for follow-
ing week.

There probably isn't as much of a
raw edge of President Jimmy Carter's
tongue as hard and as frequently as
these folks we are going to see in the
Lobby. Just about everybody has lob-
bied a little now & then by contactin'
their elected representatives at the
Capitol Hill, the State House or
Washington and those who have not ex-
ercized this fundamental right have
sure given it serious thought on oc-
casion.

However, it is another case of whose
hid has got the masses, whether it is
condemned or condoned. In recent
months folks like you and me who use
the mails have had access to either
another as it has struggled to try and
operate like a business and make the
income and the Out. On balance and these
efforts have resulted in less service and
soaring prices of postage. Just about
everybody has now come to the conclu-

Set-Aside on Feed Grains Is Final; Storage Payment Up

The President on Feb. 6 made final a
10 per cent feed grain set-aside pro-
gram for 1978 and increased the
storage payment for the farmer-owned
grain reserve program. He urged
farmers to make maximum use of these
two farm programs, the White House
Press Secretary announced.

Approval of both program actions
was recommended to the President by
Agriculture Secretary Bob Bergland.

"Farmers have the tools they need to
raise grain prices," the President said.
"By participating in the set-aside pro-
grams, they help cut the oversupply
that are currently holding down prices.
By putting their grain in the reserve
program, they will remove excess sup-
plies from the market and help prices
rise. I urge farmers to take full advan-
tage of these opportunities to improve
prices."

The President said that storage
payments for grains held in the farmer-
owned reserve program would be in-
creased from 20 cents to 25 cents per
bushel per year for the major grains.

Clinics Announced on Artificial Insemination, Pregnancy Testing

College Station — A series of 25
clinics on artificial insemination (AI)
and pregnancy testing will be offered
during 1978 for all interested beef
and dairy producers in Texas.

The clinics are being sponsored by
the Texas Agricultural Extension Ser-
vice in cooperation with American
Breeders Service, Central Ohio
Breeding Association and Curless
Breeding Service.

In addition to actual field training in
AI and pregnancy testing, those par-
ticipating in the clinics will also de-
vote one-half of their time to intensive
study of beef and dairy management
points.

When the people of the United States have got to make up their mind whether the handling of the mail is a Public Service or not.

When the plan to take the Post Office

out of Politics was first advanced, was along with lots of other folks, figured it was worth the try. The way things have worked out it seems obvious we were Dead Wrong. The mail is too important in the lives of every man, woman & child to have to curtail service and hike prices to prohibitive levels to try to break even.

Postal service certainly seems vital to our way of life as Welfare, Social Security, or any other federal service we can think of. To this end of bill titled H.R. 7700 has been moving.

This H.R. 7700 was due to come through the House and according to every news count the majority of the Congress agree with its plan to subsidize the Postal Service rather than close Post Offices and halt Saturday mail delivery and some of the rate increases that make a 25c charge for a letter loom on the horizon. Rates are so high now that people outside the Postal Service are clamoring for a chance to show us how to lower rates.

Farm Bureau Says Canal Treaties Are Threat to Farmers

(CONT. FROM PAGE 1) American Farm Bureau Federation said the Panama Canal treaties and the occurrence and commerce of the U.S. an important factor to world food. Both, he said, would be jeopardized an endorsement of the new treaties. "Fixed payments to Panama authorized by the treaties will not higher canal tolls on grain, thus decreasing the competitive value of U.S. grain in the world market. Grant said in letters to all members of the Senate. Grant pointed out that the treaty barrier to northward movement of diseased cattle.

Fair Food Policy, Not Cheap Food Policy Demanded

(CONT. FROM PAGE 1) must come home to demand that it rightfully theirs - a fair return on their investment. It is even possible that the government has let the "cheap agriculture in the world reach a state of bankruptcy." Speaking also for the citizens to represent. Cooingthum reported that the committee members had "expertise in influence" congressional colleagues to rewrite the 1947 Food Import Act allowing less imports into the United States when domestic beef production is high. "In the past, the agriculture producers have been mislead and manipulated by government forces and crop reports. Not too many years ago, the American farmer was told to order to head off vast world food shortages, it would be necessary to plant crops row to fence row. The producers were told to increase production, to maximize production, to supply the country with the best necessary in 1947. These forecasts were nothing more than myth. Cattleman refer to the 1964 in the "Bankruptcy Act" of the government because it allows an escalation of imports as domestic production declines.

Hort Farms Famous Shorthorn Herd Dispersion Mar. 20

Waxahachie — Hort Farms' famous Shorthorn herd will be completely dispersed in a sale that has been rescheduled for March 20. The dispersion was originally scheduled last Oct. 7, but postponed because of extremely dry weather in the area.

Larry A. Hart, Dallas, owner, E. M. (Buck) Bardwell, manager, and Jack Bardwell, herdsman, will have an offering of 186 lots. Everything will sell including the herd sire, foundation females, weanling bulls and halfers.

One of the true champions of the Shorthorn industry, Jibbaht Gladiator "Spider" will sell. Not only has he proven himself a proven producer, but he has also proven himself in the show ring. He is a proven producer.

The Hart Farm herd represents more than 25 years of improvement using the best bloodlines available. Hart Farm has had grand champions from Chicago to Denver and most shows in between, has raised 28 All-Americans, and holds the sonoscope record at Chicago. Owner Larry Hart, and manager, Buck Bardwell, have both been named Shorthorn Builders of the Breed.

The most recent major effort in the show ring was at the 1977 Pan American Livestock Exposition at the Texas State Fair where Hart's Little Model was named reserve grand champion female. In that show they showed four class winning females and one class winning bull, Hart's Spring Light'n.

They also had two female class seconds, one bull class second, and second in the heat six head of bulls.

Hart's Hercules 2nd, shown by Fortia Polled Shorthorns, Madison, Mo., was judged reserve champion bull calf of the 1978 Southwestern Exposition and Fat Stock Show in Fort Worth, and Hart's Hercules, shown by Sherri Brooks, Rockwall, was second in his class.

Further information on the sale offering is available from Larry

Arkansas State Shorthorn Sale Set March 4

Little Rock, Ark. — The Arkansas State Shorthorn - Polled Shorthorn Sale will be held Saturday, March 4, 1978. Show time is 9:00 a.m. with the sale following at 12:30 p.m. at the Arkansas State Fairgrounds at Little Rock.

Selling will be 65 lots including 26 big rugged bulls, ready for service and 39 bred females including some pairs and 8-in-1 packages. Also selling will be 16 junior heifers.

For information and catalogs contact the sale management, Cagwin Cattle Services, Inc., P. O. Box 156, Virginia, Ill. 62601, 217/462-8232, Don Cagwin, 217/462-7820 or Darryl Rahn, 217/462-8987.

Shorthorns Average \$1402 In Denver

Denver — In the Top of the Crop Shorthorn sale at the National Western Livestock Show here the 38 lots grossed \$46,980 for an average of \$1,402. The 17 and 1/2 bulls sold for \$21,280 to average \$1,770 and 16 female lots for \$15,000 to average \$1,000. The sale was managed by Angus Cattle Services, Inc., Chatterbox, Okla., with Bruce Brooks, Ardmore, Okla., as auctioneer. Don Cagwin of Cagwin Cattle Services, Virginia, Ill., was sale consultant. J. Pat Buchen, Kansas City, judged the sale show.

Top selling bull was Oak Hill Big Spender 7th, consigned by Torgerson Bros., Austin, Minn. for \$3,000 to Richard Dolgnow's Lady D Ranch, Box 200, Springdale, Mo., and Jack Brooks' Diamond B Ranch, Rockwall, Texas. Torgerson Bros. retained one-third interest in the bull, which was named bull calf champion in the next day's open show. Second high selling bull, \$2,800, was consigned by Merl Welch's Green Ridge Shorthorns, Elkert, Ill., and sold to the Jerry Taylor Family and Gary & Penn Naylor of Prairie City, Ill. Third high selling bull was another Green Ridge consignment purchased by Hub's Shorthorns owned by Virgil Wegener, Norton, Kan.

A. Hart, 3725 Blackburn, Dallas, Texas 75218; phone 214/528-8700; Buck Bardwell, Manager, RFD 2, Waxahachie, Texas 75166, 214/446-2162 or the sale management, Cagwin Cattle Services, Inc., P. O. Box 156, Virginia, Illinois 62601; office 217/462-8232; Don Cagwin, 217/462-7820 or Darryl Rahn 217/462-8987.

A LOT OF BULL?

You bet.

Just ask Shorthorn producer Bob Fuller of Shearwater Rock, Iowa. He reports bulls that are born uncastrated, that weigh at 516 pounds and that gain 4.20 pounds per day on a 140-day test, and that weigh 1,180 pounds at one year.

Shorthorns have always had the ability to grade choice, so when you put it together here is a breed that does it all.

Through the efforts of ASA's advancement programs and study and research, by individual breeders Shorthorn improvement is increasing all the time.

No fairs... no fancies. Just a breed that means higher profits for you.

And that's no bull!

**AVOID CHANGING WHEEL LEATHERS
FOR MANY YEARS**

Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wearing, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been released in 8 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same day order is received. This is our 28th year serving ranchers.

**Kimbell MEDICATED
FEEDS
ARE MONEY MAKERS**

It goes without saying that no program or type of feed guarantee a profit on a particular set of livestock. However, it is possible to guarantee that with proper management a feeding program will make livestock more valuable — better money makers.

KIMBELL Medicated Feeds Are Designed to Improve Animal Health and Balance Nutrition

This type of program improves the appearance, gives livestock a "good doing" look — this translates your buyers they are "worth more."
